THERAPY
NOW BEING OFFERED IN
HONG KONG**

If you are a Clinician, Educator or Pastoral Counselor interested in becoming more effective in working with relationships, this course will provide you with a sound roadmap. Imago Relationship Therapy is the most effective model for understanding and improving relationships. You can expect to experience dramatic results quickly.

Maureen Brine will be offering the Imago Certification Program for Clinicians and Educators (2005G). The program provides a strong theoretical and practical foundation for providing effective Imago Relationship Therapy. You will learn Imago theory, explore the impact of relationship history on present day relationships, and develop tools to help couples achieve their relationship vision. At the heart of the course is practicing integrating Imago dialogue into your work with clients. The program is divided into two sections:

- Level I is a 96 hour small-group intensive program, delivered over 12 days, divided into 3 sections of 4 days each.
- Level II is a 6 month period of clinical consultation to enable you to prepare a video tape of a session which meets the requirements for Certification.

Dates: Session I December 09 -12, 2008; 9-6
Session II March 17- 20, 2009; 9-6
Session III May 19 - 22, 2009; 9-6

Location: Hong Kong to be announced
